

Agency Arranged

WE DRIVE YOUR AUTOMOTIVE BUSINESS FORWARD

WEB SOLUTIONS CASE STUDY:

By: Abdullah K.

With years of experience working in an automotive shop, combined with his expertise in technology, Abdullah has gained relevant insights into automotive businesses operate and the critical role digital presence plays in their success.

PRECISION MOTOR WORKS

Located in Burlington, ON. It is known to be the go-to destination for German vehicle expertise. With a team of skilled technicians, they excel in providing top-tier maintenance and repair services for German vehicles.

OBJECTIVES

Precision Motor Works, an automotive repair shop, faced a significant challenge: lack of branding and online presence. Without a compelling online platform, they were missing out on valuable opportunities to attract and engage potential customers.

THE SOLUTION

Website Design & Development

We crafted a custom website by creating Precision Motor Works' unique brand identity and service offerings.

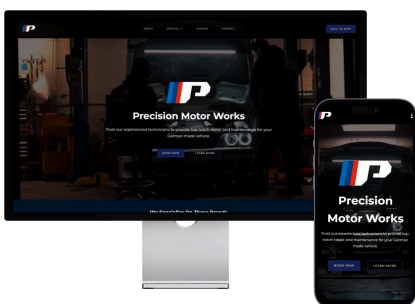

Search Engine Optimization

Through strategic SEO techniques, we optimized the website to improve its visibility and ranking on search engine result pages.

Google Business Profile

We optimized Precision Motor Works' Google Business Profile to enhance their online visibility and credibility.

THE RESULTS

Increased Website Traffic:

Precision Motor Works experienced a significant increase in website traffic, thanks to improved keyword and custom templated webpages.

Attracting more Leads:

The optimized website and strategic call-to-action placements led to higher conversion rates, with more customers contacting for appointments.

Brand Reputation:

An emphasized online presence and positive customer reviews elevated Precision Motor Works' brand reputation.

High-Ticket Services:

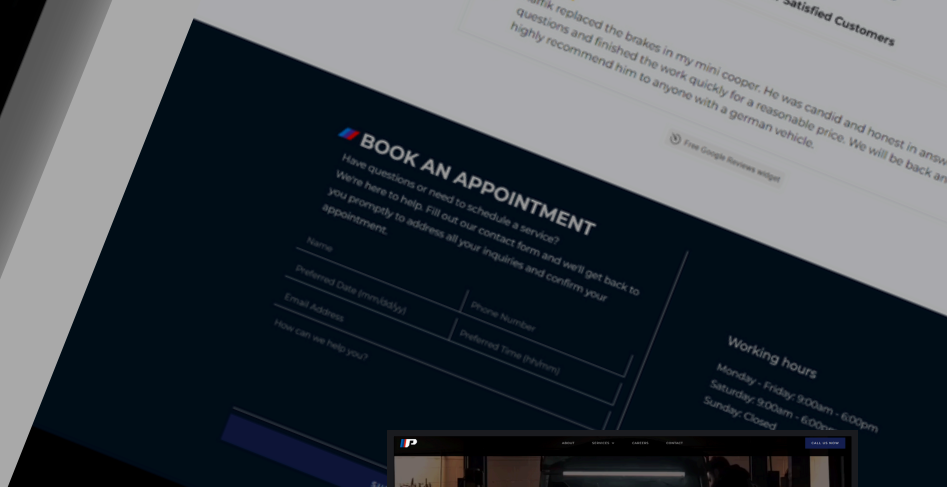

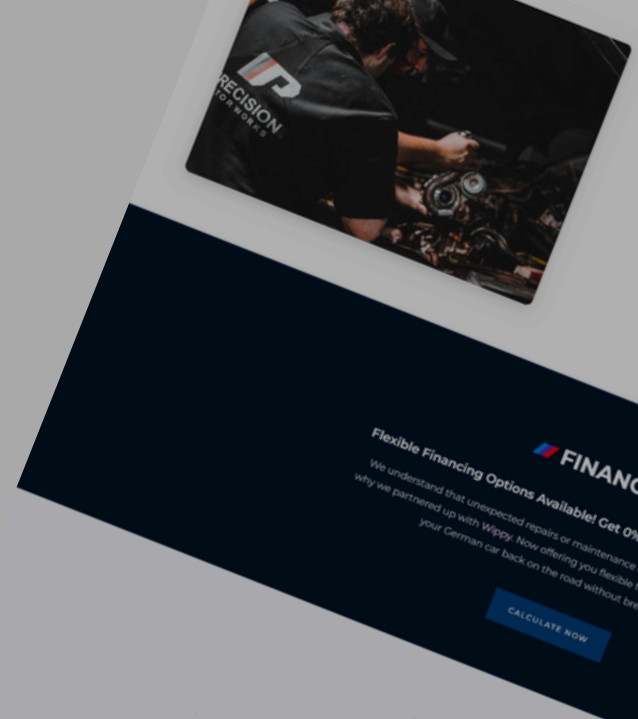

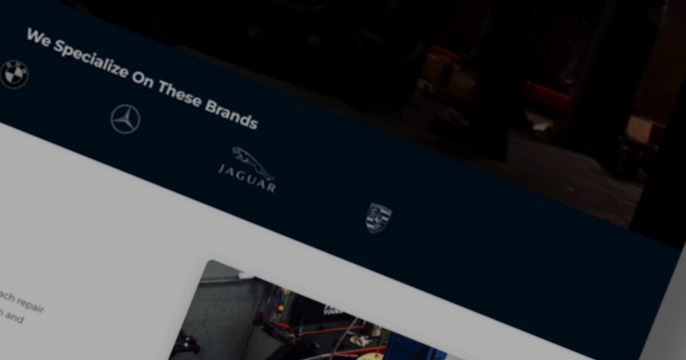

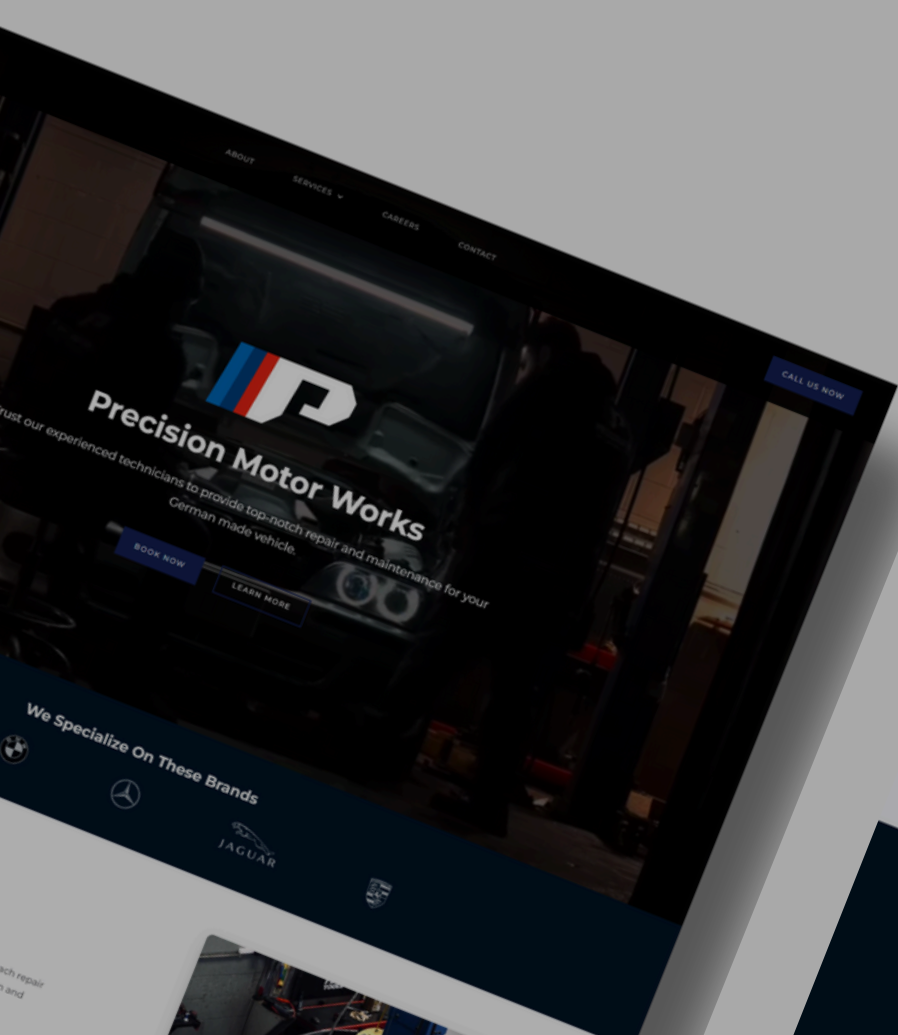

With a stronger online presence, Precision Motor Works were able to attract higher-value customers seeking services for their premium vehicles.

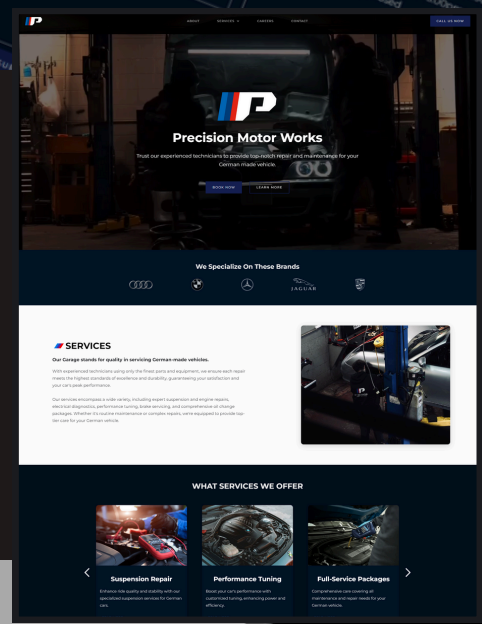

"Agency Arranged took our invisible online presence and made us a magnet for high-value customers. Can't recommend them enough!"

Rafik Babili

Owner of Precision Motor Works
